Youness Angour, a peculiar child of two.. worlds. There is more of a bio to him than realised tracks. Born in filled with sun and hashish Agadir, thrown by the cruel fate to Poland, place day by day more and more depressing. However, Youness does not seem to be bothered by this and for more than 10 years he develops his producer's skills what now helps him to get free beer as he is an party's animator. Gains his inspiration from east and west, but it is difficult to say whether from Tibet and Canada, or perhaps Russia and Luxemburg. Generally, he sweeps the dancefloor and you can even find him on discogs!

Some time ago, he was a drummer in a crustpunk band, now he is an active promotor of the local and national breakcore/hardcore scene. His livesets can be described as a gangbang of Conflict, guys from Thunderdome and Madonna accompanied by dwarfs. He is a part of the Coredukacja project and Rombanka Sound System. And probably, he is the only person in the world with a left gabba foot. He is inspired by woman breasts as well.

A soul-tearing producer & dj from Poland. Mixes lots of stuff to make an ass-kickin sauce. Makes jazzcore & idm oriented tracks. Some Breakcore notes give a spicy taste to his tracks.

Niezytboy is closely connected to the heaviest and abstract forms of electronic music as an artist, event organizer, publisher and journalist. An advocate of D.i.Y. and a staunch opponent of the old, anachronistic order regarding copyright law and the present-day mental prisons.
